Truck Transportation			
Weather			
Welding	13+		
Wood Carving			
Woodwork			

Merit badges and requirements not covered are subject to change based on merit badge counselor availability and their preferences. See shac.org/winter-camp for latest information.

^ATV: The ATV program is a half-day program designed for older Scouts (ages 14+). Scouts will complete a course to learn how to properly ride an ATV. Scouts must take a free, 1.5 hours online course before camp. shac.org/winter-camp (program tab)

***Zipline / High Ropes:** This is not a merit badge class, but an opportunity for older Scouts (ages 14+) to participate in high adventure activities. On the high ropes course, Scouts move across suspended platforms and obstacles in midair. There are two routes to choose with different levels of difficulty. Scouts wear a harness and use a belay or clip on clip off system, so Scouts can take leaps of faith without worrying about that will happen if they misjudge the gaps. The zipline offers Scouts a bird's eye view of camp while soaring over the beautiful lake on one of two 850' ziplines.
